p. 48/ Ex 17

1 solved 2 studied 3 increased 4 attached 5 carried out 6 off course 7 develop 8 triggers

9 launched 10 run

Ex 18

THE FAMOUS Deutsche Museum is one of the biggest museums for science and technology in the world. It is located in Munich on an island in the river Isar. One day alone is not enough to look at everything. One of the main attractions is of course the computer department and there is also a lot of information about space travel. But you can also look at old clocks or watch the evening sky through a telescope. Besides you can visit a reconstructed coal mine. Airplanes from different centuries are also very interesting. For example a replica of the so called "Rumpler Taube", which was built by Edmund Rumpler in 1910. The biggest object in the entire museum is a 19th century sailing ship. The museum is open from 9a.m. to 5p.m. every day.

Exercises to finish till Friday, May 8th

① wb p. 28/ Ex 18-20

② read book p. 52 *Great Failures of Technology* + wb p.30 Ex 22+23

③ Please remember to hand in your Guided Writing Exercises (Covid 19 Email)

Have a good day! Ste
