This is your grammar practice for today. ADVERBS 😊 (We will correct the exercises tomorrow. Tomorrow, grammar practice will be about the if patterns.)

**Remember the rules:**

1. If the adjective ends in **-l**, the adverb has **-lly**:  
Usual – usually
2. If the adjective ends in **y-**, the adverb ends in **-ily**:  
Easy – easily
3. If the adjective ends in **-e**, the adverb ends in **-ely**:  
Immediate – immediately (This is what we often need in the APRÜ)
4. If the adjective ends in **-able** or **-ible**, the adverb ends in **-bly** (no -e):  
Probable – probably
5. If the adjective ends in **-ic**, the adverb ends in **-ically**:  
Scientific – scientifically

**We use adverbs with verbs.**

He **worked** **slowly**. – How did he work?

I **parked** the car **carefully**. – How did I park the car?

**We use adverbs to modify adjectives.** We make the adjective stronger or less strong.

They are **extremely** **poor**.

We are **really** **unhappy**.

**Be careful: hard, fast – don't change their forms.**
