

## 10c Englisch Lösungen zum RAAbits Prüfungstraining Ste 25.3.20

Liebe 10c,

hier sind nun die Lösungsvorschläge zum Prüfungstraining. Bitte schlagt auch immer unbekanntes Wortschatz nach, schreibt ihn ins Heft /auf Karteikarten und wiederholt ihn regelmäßig.

Eure Guided Writings hätte ich gerne getippt als Word-Dokumente. So kann ich sie leichter überarbeiten. Danke.

Ich hoffe, es geht euch weiterhin gut und ihr könnt euch intensiv der Prüfungsvorbereitung widmen.

Nächste Woche beginnen wir dann mit der Unit 4.

Liebe Grüße

Eva Steinmetz

## Erwartungshorizont (M 9)

### Task 1

Individual answers might vary. A possible solution is the following:

Dear Tom,

thank you for your last email. You asked me what I think about working at the Canadian Museum of History for three weeks.

First of all, I would like to tell you some advantages of the job. Earning some extra money is very important for teenagers like us, so being paid \$ 500 weekly is a great salary for a pupil. Furthermore, you like travelling a lot and you have been learning French, German and Spanish for many years, so being a member of an international team is a great opportunity for you to practice your languages actively. Consequently, if you like it there you might have already found your future job where you can have fun by using all your talents.

However, there are some downsides, too. Well, you are turning 16 at the end of the summer holidays and the requirements say that you have to be 16 or above. If I were you, I would ask the manager of the museum if an exception can be made. Apart from that, you have to work mainly on Saturdays or Sundays. Going out with your friends won't probably be that easy any more. Last but not least, you are required to work four weeks and you only want to work three. However, if you ask the manager anyway about the age limit you can also ask about working only three weeks.

Another aspect you might want to mention are your own work experiences. Having joined your father as a tourist guide many times, you already know a lot about the culture of Québec. Moreover, I know that history and art are your favourite subjects at school, and there is hardly any history movie which you haven't watched yet, so your prerequisites are perfect. Finally, you told me that you had worked at your uncle's café some time before. Therefore, you have already got some experience in welcoming visitors and talking to them in English and French.

To put it in a nutshell, I would really advise you to apply for the job. Although there are some points I would settle before the positive things outweigh them by far. The job, which is being offered right now, seems to be perfect for you.

I hope I could help you with my mail and wish you all the best. Please tell me if you applied and if you got the job.

Best wishes

Dan
